Original Instructions  
CAUTION - Read these instructions carefully before using this product. Keep these instructions for future reference.

This product is intended for domestic, outdoor use with water only. Do not use for any other purpose.

Children should be supervised to ensure that they do not play with this product.

This product can be used by people with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the machine in a safe way and understand the hazards involved.

Use by unskilled persons or those who have not read and understood the instructions in its manual is forbidden.

Any modifications made to the appliance shall render the Declaration of Conformity null and void and relieve the manufacturer of all liability under civil and criminal law.

### Assembly and installation of the Auto Reel

#### INSTALLATION

- The reel is designed for external use and is not suitable for use with indoor taps, unless used with an appropriate indoor tap connector (Part Nos. 2195, 2176, 2177, 2178, etc. which are not supplied).
- The reel should be able to swing through 180°. Allow 50cm of clearance on both sides of the wall bracket.
- Mount the reel on a wall at least 1.60m from the corner, and the hose should be supplied (part no. 2392, which is not supplied).
- If the hose is to be mounted around corners, the wall bracket should be used at least 1.60m from the corner, and the hose should be supplied (part no. 2392, which is not supplied).

#### CHOOSE A SUIABLE POSITION FOR INSTALLATION

- When mounting the reel, ensure that nothing obstructs the reel from swinging freely through 180°.
- It is critical to use a 7mm drill when drilling holes to mount the reel.
- Use the wall bracket to mount vertically using a spirit level.
- Ensure that the reel is locked onto the bracket before turning on the water supply.

#### CONNECT THE FEEDER HOSE AND FITTINGS

- Push the end of the hose into the inlet teeth and tighten the nut. Tighten the nut so that the hose is pushed all the way into the connector.
- Replace the hose connector into the Auto Reel and replace the two screws (Fig. 3a).
- Re-fit the side disc (Fig. 3a).

### Montage und Installation der Auto-Schlauchrolle

#### WÄHLEN SIE EINE GEEIGNETE POSITION FÜR DIE INSTALLATION

- Die Trimmel sollte für die Anwendung im Außenbereich vorgesehen und eignet sich nicht für die Anwendung mit Wasserhähnen im Haus, es sei denn, es werden passende Handanschlüsse für drinnen (Teil-Nr. 2195, 2176, 2177, 2178, nicht im Lieferumfang enthalten).
- Die Trimmel muss 50 cm Abstand auf beiden Seiten der Wand haben und vollständig in der Anschluß-eingehung einrasten.

#### KURZE TIPPS UND TRICKS

- Achten Sie bei der Montage darauf, dass die Trimmel (Abb. 1) frei schwingen kann!
- Für das Bohren der Montagelöcher für die Trimmel muss ein 7 mm Bohrer verwendet werden.
- Geprüfte Personen sollten die Montage durchführen, die für einen Wasseranlasser sind, die Wandvertikal angebracht wird.

#### VERSICHERN DES ZUFUHRSCHLAUCHS UND DES ZUBEHÖRS

- Entfernen Sie die Wandhalterung (Abb. 1) und verfahren Sie den Wasserzulauf nach unten.
- Wenden Sie die Wasserzulaufleitung an dem Aufwärtsschlauch an und ziehen Sie die Verbindung des Wasserzulaufes (Abb. 3) an dem Aufwärtsschlauch an.

### Assemble and installation of the automatic water reel

#### SELECTING A SUITABLE POSITION FOR INSTALLATION

- When mounting the reel, ensure that nothing obstructs the reel from swinging freely through 180°.
- It is critical to use a 7mm drill when drilling holes to mount the reel.
- Use the wall bracket to mount vertically using a spirit level.
- Ensure that the reel is locked onto the bracket before turning on the water supply.

#### CONNECTING THE FEEDER HOSE AND FITTINGS

- Push the end of the hose into the inlet teeth and tighten the nut. Tighten the nut so that the hose is pushed all the way into the connector.
- Replace the hose connector into the Auto Reel and replace the two screws (Fig. 3a).
- Re-fit the side disc (Fig. 3a).
